Sea kayaking is one of the best ways to check out some of the Amalfi's unique coastline!

No other craft can access the scenery and wildlife as easily as you can in a sea kayak.

Positano Sea Kayak organises guided tours by sea kayak, with various set or customised itineraries along the Amalfi Coast. By paddling you will discover the coast's hidden delights, in the midst of an azure-blue sea and breathtaking views.

Positano Sea Kayak Association can also tailor a sea kayaking trip to your specification on the Amalfi, Cilento and Sorrento coastline including the islands of Capri, Ischia and Procida.

Please contact us for more information. Booking is request.

So, what are you waiting for? Let's paddle with us!
